

## REDUCED SALT

*Excalibur Seasoning's strives to help you meet the ever changing consumer demands. To that end we are proud to introduce our new line of "Reduced Salt" sausage blends. These blends achieve the same quality and taste of our traditional blends while letting your consumers meet their desire to reduce the salt in their diet.*

# Reduced Salt Blends

Excalibur Seasonings has developed a number of blends with “reduced salt” content to help you meet the ever increasing consumer demands for lower salt sausage. These blends have been specifically developed to offer your consumer the full flavor product that they have come to expect while working to help them control their sodium intake.

In addition to these standard blends Excalibur Seasoning also looks forward to working with you to custom develop or convert your existing blends to meet today’s consumers desires for simpler to read labels and reduced sodium intake.
